CONTACT LENS EVALUATION AGREEMENT

Contact lenses are **medical devices** which require ongoing evaluation to ensure safe and comfortable wear. **It is necessary to check for proper fitting and eye health before a written prescription for contact lenses is issued.** An **unexpired** contact lens prescription (within one year old) is required to purchase your contact lenses anywhere available.

A Contact Lens Evaluation must be done in order to determine your prescription. This contact lens service is in addition to an eye exam, the contact lens supply and any other charges or services performed by the doctor. **This separate service has its own fee from your routine eye exam.** This fee varies depending on the difficulty of the fit and prescription, as well as, the type of lens.

Progress checks related to changes in contact lens prescription or material for 3 months following evaluation and/or fitting of new contact lenses is included in the Contact Lens Evaluation fee. If a visit is due to another condition, there will be a separate charge.

Please initial: _____ I elect to receive these services

_____ I defer these services and understand I will not have a valid Contact Lens Prescription and cannot order more contacts

Name (print): _____

Date: _____
